I Tried To Analyze And Understand
Rationalize And Comprehend
I'm Trying But I'm Failing Now
I Need The Common Sense I've
Lost Along The Way, Or Never Had
It's Obviously Gone

I Tried To Compromise And Spread It Thin
I Played The Odds And Lost It All
I'm Sinking Too Fast To Call Out
You'll Never Hear Me Crying
I Tried To Go Your Way, What Can I Say
I Guess I Never Wanted It Or Wanted To Be
The Way You Wanted It For Me
I Wish I Could Have Given It To You
I Guess We'll Have To Wait And See

Give Me Some Time Away
And Let Me Sleep On It
I Have A Long Life Still Ahead Of Me
For Now I'll Start With An Apology
Cause I Admit It, I Regret It
Now I'm On The Outside
Of The Circle I Thought I'd Be In
Go On This Way I'll Never Make It Through
I'll Rip A Thousand Parts Into
A Million Pieces, I've Spread Myself Thin
And Nothings Getting Done
