There are times when i look in your eyes
I see the love that we share i see the joy inside
But i didn't see the feelings you hide
And now your saying goodbye
Cause your love is died

And all i can think about is you
The way you say you love me to
And every time i close my eyes i see your face
My love can never be erased you can never be
replaced, baby

Baby girl
Why don't you come back to me
Why don't you love me anymore
Baby girl
You know I still care for you
You know i will love you for ever more..

Oohh.. oohh..
Wooww..

There are times when i kiss you goodnight
I feel the love that we share i feel the joy inside
But i didn't feel what you, try to hide
And now you saying goodbye
Cause your feeling is died..

And all i can think about is you
The way you say you love me to
And every time i close my eyes i see your face
My love can never be erased you can never be
replaced, baby

Baby girl
Why don't you come back to me
Why don't you love me anymore
Baby girl
You know I still care for you
You know i will love you for ever more..

Repeat till end..
