Tell Your Friends You Haven't Changed
You're Still The Same Person
That You Were, I'm Not So Sure
You Think That This Will Help You
But It's Only There To Calm Your Nerves

If You Open Up Closed Eyes
You'd See A Different Picture
You're Unaware, Your Friends Still Care
No One Can Change Things For You
You Have To Change Things For Yourself
I See You Walk Down That Same
Road Again My Friend
Taking With You The Only Thing
That Remainsâ€¦ Your Life

No One Has Given Up On You
We Now You'll Make It Through This
Phase You're In, When Will It End
Don't Wait For It To Drowned You
Realize The Mess It Put You In
