So you say he let you on, you'll never give your heart  
Your heart is feeling hurt and confused  
You say you did the givin' more than gettin'  
All he did was take and left you feelin' so used  
I won't love and leave your heart filled with doubt  
I'm for real, that's not what i'm all about

I'll love you down, down to the last drop and down  
Baby i won't stop, and when you've had enough  
I'll just stop and start over again

What kind of fool would steal your love like that  
He wasn't what he seemed, he schemed and lied  
From the start  
But baby don't you chalk it up, you've gotta give it one  
More chance  
These words come straight from my heart  
I'll erase the hurt deep inside  
You'll forget the tears you've cried

I'll love you down, down to the last drop and down  
Baby i won't stop, and when you've had enough  
I'll just stop and start over again

I'll be everything you need and more  
I'll give you all the love you missed before  
Trust in me  
Time to put the past behind you  
Just look up and love will find you  
Look and see  
I won't love and leave your heart filled with doubt  
Girl i'm for real, that's not what i'm all about

I'll love you down, down to the last drop and down  
Baby i won't stop, and when you've had enough  
I'll just stop and start over again  
Yes i will baby

I'll love you down, down to the last drop and down  
Baby i won't stop, and when you've had enough  
I'll just stop and start over again

I'll love you down, down to the last drop and down  
Baby i won't stop, and when you've had enough  
I'll just stop and start over again
