Come on
All-4-one keep it goin' on
On and on
Your word is one
All-4-one keep it goin' on
Come on

Every night
And we're feeling alright
We get down
Check the vibe
Come alive

Hangin' tight
With the fellows all night
Round and round
Show and groove
Always smooth

Back in the day
We got tight
So when we fight
It's ah-ight

Years ago
We said hello
Committed to a situation
That had a reputation
Of blood thicker than brothers

All-4-one keep it goin' on
On and on
Your word is one
All-4-one keep it goin' on
Come on
Understand and we cool
Man to man
Back me up
You're my ace
In the place

Face to face
Like family we stand
One for all
When one flows
We all flow

Back in the day
We got tight
So when we fight
It's ah-ight

Years ago
We said hello
Committed to a situation
That had a reputation
Of blood thicker than brothers

On and on and on and on
Don't stop come on
On and on and on and on
All-4-one keep it goin' on
On and on and on and on
Don't stop come on
On and on and on and on
All-4-one keep it goin' on

Come together
In harmony one one family
Sister, brother, you and me

Come together
In harmony one one family
Sister, brother, you and me
