It's been 2 weeks and I heard today
You told your girl you got rid of me
Girl you know it's true, I got rid of you
So start speakin' truth, cause I could see
Right through you
Baby we need to set the record straight
Keep it real girl why you tryin' hate
I thought that we could end, still being friends
But I'm seein' now that you're still trippin'

B- Section

It didn't have to be you verses me
But you started this, now I'll finish it
But now I'll let them know why I let you go

Hook

You're so selfish, you don't care about no one else
'Cause you lie and cheat
You're money hungry
Always tryin' to creep, but you can't play me
You're so hopeless, girl you don't even see
That you're paper thin, you don't have no friends
And the only one who cared was me

Why you doin' all things you do
Girl I thought that you said that we were through
But you're paging me and still calling me
It aint hard to see that you still wanting me
You're tellin' everyone it's over now
But you keep makin' your way back some how
No matter what you do girl I'm through with you
Just let me be, stop chasing me

B- section

It didn't have to be you verses me
But you started this, now I'll finish it
But now I'll let them know, why I let you go
