It's all because of you
I'm feeling sad and blue
You went away now my life is just a rainy day
And I love you so
How much you'll never know
You've gone away and left me lonely
Untouchable memories
Seem to keep haunting me
Now the love so true
That once turned all my gray skies blue
But you disappeared
Now my eyes are filled with tears
And I'm wishing you were here with me
Soaked with love all my thoughts of you
Now that you're gone I just don't know what to do

If only you were here
You'd wash away my tears
The sun would shine once again
You'd be mine oh mine
But in reality
You and I will never be
'cause you took your love away from me

SPOKEN: Girl, I dunno what I did to make you leave
me. But what I do know
That since you've been gone there's such an emptiness
inside. I miss you and
Wish you'd come back to me

If only you were here
You'd wash away my tears
The sun would shine once again
You'd be mine oh mine
But in reality
You and I will never be
'cause you took your love away from me

You took your love away from me
