What can i do to show my love to you
I'd face erormous pain, run through the wind and rain
Girl anything i'll do
The smile on your face is like a joy that can't be placed
It runs all over me, and takes a hold of me
Don't let it fade away
'cause i keep thinkin' 'bout ya every night in every way
Thinkin' to myself it might be too late
It's gonna be real hard, i hope that i can take it
I really don't know how i'm gonna make it
I can't go on
I can't go on without you
I can't go on without you
What can i say to tell ya that i'm sorry
The thing that i said can't be true oh lady
My mind wasn't thinkin' when i let you
Walk out that door
'cause babe, babe i love you
And you know it
I'll try to find a way i can make it
A way to go on without you here
I'll time the hours till you come back
And count the days till you appear
It's gonna be real hard, i hope that i can take it
I really don't know how i'm gonna make it
I can't go on
I can't go on without you
I can't go on without you
I can't go on
I can't go on without you
I can't go on without you
Now i agree that i never should have let you go
And if i hurt you then i'm sorry, i didn't know
I'll try to be a better man, the one you care for
And if that's not enough just tell me i'll give you more
So smoothly lay back is what i'm gonna do
'cause baby i can't go on without you
I can't go on
I can't go on without you
I can't go on without you
I can't go on

I can't go on i need to feel your love
I can't go on
I need to feel your love
Just as simple as holding your hand
Can't go on
I can't go on
I can't go on without you
I can't go on without you
I can't go on
I can't go on without you
I can't go on
