Paul and Peter walked across the land
They told a story of just one man
A Carpenter from Galilee
Who healed the sick and made the Blind man see
Yes, Paul and Peter walked, they did not ride,
They had no Chariot, Lord they could not fly
So Paul and Peter walked, one step at a time,
Across the mountains and the valleys wide

So if it's to far (Travel light~)
And if its too tough, (Walk at night~)
And if the road is too rough (Make it smooth),
If you don't have the time (there's a time to lose)

Yes Paul and Peter walked, they sang a song
Calling children to walk along
Those who follow, and those in need, they carried
children or they could not speak

Yes, Paul and Peter walked, they did not run,
through the rain or the burning sun
Some learn it early, some learn it late,
That the road is winding, that the road is straight

So if it's to far (Travel light~)
And if its too tough, (walk at night~)
And if its too rough (Make it smooth),
If you don't have the time (there's a time to lose)

So if it's to far (Travel light~)
And if its too tough, (walk at night~)
And if its too rough (Make it smooth),
If you don't have the time (there's a time to lose)
