

Attack Flamingo "Superego"

Visit "[Superego](#)" on MotoLyrics.com

I don't want to confess
that I am helpless
I don't want to confess
that I am helpless

I can't climb, I can't fly to you
but I could bow and be found by you
But my head won't accept that I'm dead on my own
Oh my pride says not so

So bring me low, break my soul
I must decrease, help me die to me

My superego is disease
and it cannot save me
And at my best I make you bleed
no I can't save me

I can't climb, I can't fly to you
but I could bow and be found by you
But my head won't accept that I'm dead on my own
Oh my pride says not so

Help me die to me
Help my unbelief
Don't let my ego breathe
