### "Trapped Behind A Shadow"

Visit "[Trapped Behind A Shadow](#)" on MotoLyrics.com

Future returns the tides  
An abstract view on life  
Morbid thoughts that dominate  
Control your instinct to survive

Left in the dark again  
Trapped behind a shadow  
When will the confusion end  
Left with no to-morrow

So many thoughts we cannot see  
Condemn us to a life of sorrow  
Leaving one to conjure ways  
And try to make it through to-morrow

Left in the dark again  
Trapped behind a shadow  
When will the confusion end  
Left with no to-morrow

Left in the dark again  
Trapped behind a shadow  
When will the confusion end  
Left with no to-morrow
