It's coming from within, it's breaking the skin,  
Here comes the fury from out the cage,  
Now meet the demons who want to play,  
With your bitter side your other side,  
Your dark side that brings fear to my eyes,  
Hate to my eyes as I start to...  
Twist and turn as the rage kicks in,  
Now I'm revealing my darkest sins,  
I'm in your valley, your blackened vale,  
You're everywhere I can't see,  
I can't see you there but I can feel you sting,  
It makes me scream, bite within,  
And you love it don't you,  
And you love it don't you,  
And you love it don't you,  
And you want it don't you.

Bitch, fight, growl, bite,  
Bitch, fight, growl, bite,  
Bitch, fight, growl, bite,  
Bitch, fight, growl, bite,  
Taste your bitterness.

It seethes inside, seeing outside,  
Through piercing eyes, it can't hide,  
It's coming back. It's coming back,  
It's too strong,  
So entice, invite the sweetest bite,  
Coz the sweetest bite brings the darkest fight,  
A fight in the dark that leaves you sore,  
That leaves you open, that leaves you raw,  
Then I'll lick your wounds with my salty tongue,  
As you shout and shout, what have you done,  
What have you done what have you done,  
What have you become.  
And you love it don't you,  
And you love it don't you,  
And you love it don't you,  
And you want it don't you.

Bitch, fight, growl, bite,  
Bitch, fight, growl, bite,

Bitch, fight, growl, bite,  
Bitch, fight, growl, bite,  
Taste your bitterness.

You can turn away now coz theirs still some time,  
To go back to the place where the devil sleeps,  
But something keeps growing under your skin,  
I can see it coming, I can see it tearing,  
Through your precious shiny skin,  
The devil waits with a vile grin,  
Waiting for me in your pretty little hell,  
This is the place where you love to dwell,  
In your furnace of hate, with the ash and the dust,  
There is no trust, just burning lust,  
And the love is buried deep underground,  
This is your world.  
And you love it don't you,  
And you love it don't you,  
And you love it don't you,  
And you want it don't you.

Bitch, fight, growl, bite,  
Bitch, fight, growl, bite,  
Bitch, fight, growl, bite,  
Bitch, fight, growl, bite,  
Taste your bitterness.
