I've lost the part of my mind that's kept me  
incarcerated.

I'm going insane to be free, to see the world  
differently,  
I'm losing my mind to be free, to see another reality,  
Ostracised, lobotomized, I'm the freak that's kept  
inside,  
But it doesn't matter where you are, coz in your mind  
you travel far,  
Going deeper, going further, going deeper, getting  
madder,  
I've lost the part of my mind that's kept me  
incarcerated,  
Coz now I'm free to fly with my wings laced in acid.

I'm going mad to be free now, this is how it is on the  
other side, hey,  
I'm losing my mind to be free now, this is how it is on  
the dark side, hey.

I've lost the part of my mind that's kept me  
incarcerated.

I'm a liberated entity fleeing from my psyche,  
Emancipated, running wild in the jungle of psychosis,  
I'm out of mind, out of time, out of sync, out of rhyme,  
Out of rhythm, out of tune, these rules are for slaves.

I'm going mad to be free now, this is how it is on the  
other side, hey  
I'm losing my mind to be free now, this is how it is on  
the dark side, hey.

I've lost the part of my mind that's kept me  
incarcerated.

I love it here, there is no fear, the demons dress as  
clowns,  
Laughing with me, laughing at me, the lunatics are  
winning,  
Dancing high on the purple flames, getting twisted,

getting strange,  
Going mad to gain salvation.

I'm going mad to be free now, this is how it is on the  
other side, hey,  
I'm losing my mind to be free now, this is how it is on  
the dark side, hey.

I've lost my mind, ha ha,  
But I've found freedom.
