Her beauty glows through the bleak of war, she's
radiating ever pure,
Auspicious figure, shimmering grace, beaming so
bright,
Putting the shine on my tarnished grin, decorating all
my sins,
Silent kisses, warm embraces, put fear to rest.

You decorate this ugly world and beautify these
wretched scenes,
You decorate this dirty world and purify these tainted
dreams.

Here she comes, roaming through my lonely hell,
Here she comes, putting my demons under spells,
Here she comes, turning my angst to ecstasy,
Here she comes, kissing my pain until it's numb
Here she comes, bathing in my open wounds,
Here she comes, breaking ice from my heart,
Here she comes, nestling deep inside my dread,
Here she comes, putting angels in my head.

She's living proof that faith exists, her love comes as
nature's gift,
Beauty rains from her soul, washing through my
festered thoughts,
Cleansing the dirt from deep inside so now my heart
can only shine,
Untainted love, feeling so pure, she's my cure.

You decorate this ugly world and beautify these
wretched scenes,
You decorate this dirty world and purify these tainted
dreams.

Here she comes, roaming through my lonely hell,
Here she comes, putting my demons under spells,
Here she comes, turning my angst to ecstasy,
Here she comes, kissing my pain until it's numb
Here she comes, bathing in my open wounds,
Here she comes, breaking ice from my heart,
Here she comes, nestling deep inside my dread,

Here she comes, putting angels in my head.

Coz when everything just seems so ugly, you dress it
up and make it pretty,
You make it glimmer, make it shimmer, embellish this
nuclear winter,
Beautify the scenes, turn grey to greens, make flowers
grow on toxic streets,
Amidst the spoils of the land, you colours reign
supreme.

You decorate this ugly world and beautify these
wretched scenes,
You decorate this dirty world and purify these tainted
dreams.

Here she comes, roaming through my lonely hell,
Here she comes, putting my demons under spells,
Here she comes, turning my angst to ecstasy,
Here she comes, kissing my pain until it's numb
Here she comes, bathing in my open wounds,
Here she comes, breaking ice from my heart,
Here she comes, nestling deep inside my dread,
Here she comes, putting angels in my head.
