Maybe I'll need you, maybe I won't
Well someday I want to, but right now I don't
Is it so hard to understand
I'm just a girl without a plan
You hold on too tight
We'll take a few steps back tonight

I don't need you to save me
I'd rather crash and burn
Don't need you to tell me
How to live before I learn
If I fall apart, if it breaks my heart
I've still got all the pieces that you gave me
That you gave me

Maybe you'll tell me,
Well, I told you so
But maybe my screw ups is how I will know
Why can't you let me hit the ground?
Not like I'm lost and can't be found
I don't wanna fight
We'll take a few steps back tonight

I don't need you to save me
I'd rather crash and burn
Don't need you to tell me
How to live before I learn
If I fall apart, if it breaks my heart

I've still got all the pieces that you gave me
I don't need you to save me

I know that its easier to control
Is it that hard to let go?
Dont tell me the error before I start
Maybe I'll need you
Maybe I won't
Well someday I want to but right now I don't

I don't need you to save me
I'd rather crash and burn
Don't need you to tell me

How to live before I learn
If I fall apart, if it breaks my heart
I've still got all the pieces that you gave me
That you gave me (x2)
The pieces that you gave me

Don't need you to save me
I'd rather crash and burn
Don't need you to tell me
How to live before I learn
If I fall apart, if it breaks my heart
I've still got all the pieces
that you gave me
the pieces that you, that you gave me
