Did I say something stupid?
There goes one more mistake
Do I bore you with my problems?
Is that why you turn away?
Do you know how hard I tried
To become what you want me to be?

Take me
This is all that I've got
This is all that I'm not
All that I'll ever be
I've got flaws, I've got faults
Keep searching for your perfect heart
It doesn't matter who you are
We all have our scars
We all have our scars

You say don't act like a child
But what if it's a father I need?
It's not like you don't know what you got yourself into
Don't tell me I'm the one who's naive
Do you know how hard I've tried
To become who you want me to be?

Take me
This is all that I've got
This is all that I'm not
All that I'll ever be

I've got flaws, I've got faults
Keep searching for your perfect heart
It doesn't matter who you are
We all have our scars
We all have our scars

Come on, just let it go
These are things you can't control
Your expectations, your explanations
Don't make sense to me
You and your alternatives
Don't send me to your therapists
Deep down, I know what you mean

And I'm not sure that's what I wanna be
No

Take me
This is all that I've got
This is all that I'm not
All that I'll ever be
I've got flaws, I've got faults
Keep searching for your perfect heart
It doesn't matter who you are
We all have our scars
We all have our scars
Oh no no no

Did I say something stupid
There goes one more mistake..
