Visit "[Fall Back Down](#)" on MotoLyrics.com

You fall down twenty times a day and say the road
camp up and tripped you.
I found a drink you threw away you said it's something
someone slipped you.
And oh I could be like that
Oh you didn't know that I could be like that

I will make the same mistake over and again I'll fall
back down
You said there's nothing more to say, you're one week
late no one to talk to
I'll find a place where you can stay, I'll be the face you
can talk to
And oh I could be that
Oh you didn't know that I could be like that

I will make the same mistake over and again I'll fall
back down
