I would like to believe that I'd stay the same  
So take my picture when I come around again  
I guess we will see if I had changed  
I may look different but I stayed the same within

Keep smiling

Just remember when the sun goes down  
I'm coming home to you

There is so much to see  
So much to learn  
Time wasted but there's so much left to live

And you can believe what you want to  
Just know we're getting to the same place in the end

Keep smiling

Just remember when the sun goes down  
I'm coming home to you  
Just remember when it all goes down  
I'm holding on to you

So stay right where I can see you  
I'm coming home
