Take it away, the pain I felt for days. The one you said  
would fade, if I was sorry.

And I'd be amazed if you'd see right through this.

I'd be amazed if you'd see this through.

And I'm on the ground and I will be one step away to  
where I find my place in this world.

Is there a way?

To see these seasons change, without feeling so  
misplaced in the colors that are changing.

And I'd be amazed if you'd see right through this.

And I'd be amazed if you'd see this through and I'm on  
the ground and I will be one step away to where I find  
my place in this world.

I'm on the ground and nothing here will separate the  
love I have for you in this world.

Why can't you see, that all I ever wanted was to be all  
that you need.

And not just another space between your heart and me.

I can't stay here, forever.

And I'm on the ground and I will be one step away to  
where I find my place in this world.

I'm on the ground and nothing here will separate the  
love I have for you in this world.

Take it away, the pain I've felt for days. The one you  
said would fade, if I was sorry...
