And I'm sorry for the days
That I never got to say "I love you"
And I'm sorry you believed
That everyone but me would pull through

And it's not suppose to be this way
If all I love and all I need
Is lying next to me
Why is all I want and all my dreams
So far out of reach

And I never thought I'd see
The love inside you leave,
So easy
I've never been so scared
Never been so unprepared
I'm leaving

And it's not suppose to be this way
If all I love and all I need
Is lying next to me
Why is all I want and all my dreams
So far out of reach

And don't take it for granted

Don't take it for granted
All that you have

Don't take it for granted
All you've been handed
Cause all it will be is all you have

If all I love and all I need
Is lying next to me
Why is all I want and all I dreamed
So far out of reach

If all I love and all I need
Is lying next to me
Why is all I want and all I dreamed
So far out reach

Don't take it for granted (if all I love and all I need)
Don't take it for granted (is lying next to me)
All that you have (why is all I want and all I dreamed)
All that you have (so far out reach)
