I never thought that I would see the person hiding  
underneath myself.  
And everything I thought I'd need I ended up leaving  
on the shelf.  
Cause life turned out different than we planned.  
Wherever we will go, we'll take it nice and slow.  
Just hold me when the lights go out.  
You're picking up the phone, I know that you're alone.  
And I'm sorry I'm not there.  
The clouds are creeping in, I know you're sleeping in.  
And I wish that you were here.

But life turned out different than we planned.  
Wherever we will go, we'll take it nice and slow.  
Just hold me when the lights go out.  
Whatever this will be, promise me, you'll hold me when  
the lights go out.  
My feelings, will stay the same.  
Forever, oh, so promise me, promise me, wherever we  
will go, we'll take it nice and slow, just hold me when  
the lights go out.  
Whatever this will be, promise me, you'll hold me when  
the lights go out.
