Everyone in
Everyone in this, in this
Secular war
Nobody fearless, fearless
What I stand for
Hopin to fight this, fight this
Kick this, kill this, beat this
And take no more than I need

All of these human beings
Gradually
Turn into human doings
People I see
Livin like robots
Who stopped all on auto-pilot
To keep quiet

Usually people
Usually people die
Usually people die missing life

How can I keep
Taking advantage
Not for granted
Before panic attacks my will to believe

I could be maybe able
Relatively
Mentally stable, stable
Stuck in the thick
Of people just taking without needing
Feeding frenzy
To stay crazy

Usually people
Usually people die
Usually people die missing life

Cell phone, tumor
Fuck him, fuck her
Stay sleep deprived

Stay half alive
Set clocks, new shocks
Deadbolts, ten locks
Come join the flock
You're now in stock
Your health, your wealth
Your loss of self
Your breath, your death
Your head upon their shelf

Usually people
Usually people die
Usually people die missing life
