For you sweetheart...

I ain perfect  
But I deserve this

Verse one:

Let me start off by takin tha blame  
For bein so foolish as to think she could change  
I'm doin alright man I can't complain  
Pain is love so your boy will maintain  
She still sayin  
(And I love you)  
Whatever I ain tryna hear it  
And I ain tryna see you so you can love my spirit  
You can love my songs or you can love my lyrics  
But if you afraid of tha truth then you'll probly fear this  
I swear I did but that was past tense  
Cause you were not abstinent in my absence  
I practice what I preach I preach safe sex and practice it  
You need to face tha consciences of your actions  
My heart shattered like it's made out of porcelain  
But life goes on it so unfortunate  
Step up to tha plate or take it to an orphanage  
No it's not mine but I don't advocate abortion  
No choices it's your kid  
(Its your kid)

Chorus:

Meanwhile she still sayin  
(And I love you)  
Whatever tell it to your child  
You wasn't tellin me then I don't wanna hear it now  
(And I love you)  
No you don't cause if you did  
You wouldn't be havin this kid

She still sayin  
(And I love you)  
Whatever tell it to your child  
You wasn't tellin me then I don't wanna hear it now  
(And I love you)

No you don't cause if you did  
You wouldn't be havin this kid

I wonder how it's gon feel tellin your child like "That  
coulda been your daddy right there on tv."

Verse two:

You ain gotta like it respect it  
Cause I put my life on these records  
It ain about love it ain about hurtin me or us  
If you ever been betrayed turn this up  
This ain tha first time probly wont be tha last  
Maybe it's karma I swear I ain mad  
She sayin  
(And I love you)  
Don't make me laugh stop pretendin  
Had my name on her but that was only skin deep  
They said she wasn't right I don't care what my friends  
think  
She went from livin in my heart to livin in this pens ink  
So when I throw this verse in tha trash  
Tha stress goes wit it for tha worst of my past  
I think tha bible says tha first shall be last  
Well this my first and last words to you ya hurt me bad  
But I got real issues in these streets  
I ain got time to think about what you doin in these  
sheets

You do that.  
Ima do what I do... far away from where you doin you.

She still sayin  
(And I love you)  
Whatever tell it to your child  
You wasn't tellin me then I don't wanna hear it now  
(And I love you)  
No you don't cause if you did  
You wouldn't be havin this kid

She still sayin  
(And I love you)  
Whatever tell it to your child  
You wasn't tellin me then I don't wanna hear it now  
(And I love you)  
No you don't cause if you did  
You wouldn't be havin this kid  
(I guess it is what it is)

Ay. If you put "U" and "I" together it does not spell "us"  
it's like "uh" or somethin like that.

Verse three:

She's a very freaky girl that's what I liked about her  
Silly me for tryna make a wife up out her  
Now look I gotta live my life without her  
Can't get her off my mind so now I'm writin bout her  
I know tha way a nigga livin was wack  
But this gon last for a lifetime you can't take that back  
So I apologize to tha hundred girls that I hurt  
I just act don't think first if that makes me a jerk  
Then I'll be that  
But no she wont be back  
Cause I ain let nobody else in when I took that key back  
(And I love you)  
That's what she just texted me  
But if you love me shawty jus let me be  
Cause I can't help but to think that was my legacy  
But I ain a hater congratulations on your pregnancy  
Let me remind you I'm tha man  
I might go fuck your best friend jus cause I can  
Jus playin

Tha moral is "It ain so fun to rap about tha gun."  
Ima wrap it up by sayin "wrap it up."

(And I love you)  
Whatever tell it to your child  
You wasn't tellin me then I don't wanna hear it now  
(And I love you)  
No you don't cause if you did  
You wouldn't be havin this kid

I don't believe you.

She still sayin  
(And I love you)  
Whatever tell it to your child  
You wasn't tellin me then I don't wanna hear it now  
(And I love you)  
No you don't cause if you did  
You wouldn't be havin this kid

Tell it to a man with no ears.  
It sounds like "blah blah blah".  
Everybody wrap it up. I'm pro-life. Love your life.

And she Still sayin  
(And I love you)  
Move around  
Get little
