[VERSE 1] it was the wrong day, the wrong month, the wrong year! i wasn't ready, for all he pain, and all the tears. baby you crush me, now i have to deal with my worst fear! you had to go and take it there...

[PRE-CHORUS] now im all alone, knew i should of took my ass home, nights when you was putting it on me, you was putting it on me...

[CHORUS] and i just hate you for it, hate you for making me fall in love and there's nothing i can do about it, so blue about it don't want to be in love! (x2)

[VERSE 2] but i could change you, and turn you into a good man! all my love has gone, things will go, as i play! what a fool i was, you were still hitting your ex-girlfriend! i had to be out do you understand??

[PRE-CHORUS] now im all alone, knew i should of took my ass home, nights when you was putting it on me, you was putting it on me...

[CHORUS] and i just hate you for it, hate you for making me fall in love and there's nothing i can do about it, so blue about it don't want to be in love! (x2)

[PRE-CHORUS] now im all alone, knew i should of took my ass home, nights when you was putting it on me, you was putting it on me...

[CHORUS] and i just hate you for it, hate you for making me fall in love and there's nothing i can do about it, so blue about it don't want to be in love! (x2)

And i just hate you for it...

Fall in love...

Do about it, so blue about it, don't want to be in love!
