As far as I've been walkin'
I still haven't found a thing
That's anywhere near the feeling that you bring
I've gone a million miles
But nothin' measures up
To the happiness I found
When I felt your love

And I don't
Think I could exist
If I didn't have
A little piece of this
'Cause you've become my life
And that's how it's gonna be
'Cause we are anchored down
To the bottom of the sea

I don't ever wanna be
Anywhere without you
'Cause when you're gone the sky
It doesn't really look that blue
And I don't ever wanna leave
The comfort of your side
'Cause when I'm not with you
The sparkle leaves my eyes
When I'm on the ground with you
I feel like I can fly
Yeah

As many stars as I've seen
And so many nighttime skies
I've yet to find one brighter
Than the way I see you shine
I've traveled the world
Just lookin' for that star
But it's nowhere to be found
Except for in my heart

That's where you are
Holdin' me down
That's where we are

I don't ever wanna be
Anywhere without you
'Cause when you're gone the sky
It doesn't really look that blue
And I don't ever wanna leave
The comfort of your side
'Cause when I'm without you
The sparkle leaves my eyes
When I'm on the ground with you
I feel like I can fly
Yeah

This is
Somethin' I'm not used to
You are
A new kind of magic to me
We are
Not what I expected at all
At all

And I don't ever wanna be
Anywhere without you
'Cause when you're gone the sky
It doesn't really look that blue
And I don't ever wanna leave
The comfort of your side

I don't ever wanna be
Anywhere without you
'Cause when you're gone the sky
It doesn't really look that blue
And I don't ever wanna leave
The comfort of your side
'Cause when I'm not with you
The sparkle leaves my eyes
When I'm on the ground with you
I feel like I can fly
Yeah
Yeah
I feel like I can fly
