I don't know why anybody does anything anymore  
I used to read people like books  
I don't know why people jump off buildings forty stories  
high  
Before they even think to look  
I will never understand  
Boys who just ain't holdin' hands  
No it doesn't make you a girl

Somedays I decide that I should make-believe that I do  
But I don't understand the world

Why do we waste the things we need the most  
You know we're gonna end up like burnt toast  
Is that honestly  
What you wanna be  
'Cause I'm sure I could hook you up  
We are just a bunch of shooting stars  
But we don't really shoot that far  
Because  
We don't think we're strong enough

I don't know I don't know a whole lot of anything  
I just know I'm just so  
Caught up in stupid things  
Well this is world say hello  
It's nice to meet it I know

Now don't you let it go

Why do we waste the things we need the most  
You know we're gonna end up like burnt toast  
Is that honestly  
What you wanna be  
'Cause I'm sure I could hook you up  
We are just a bunch of shooting stars  
But we don't really shoot that far  
Because  
We don't think we're strong enough
