Used to believe there was a guy
With perfect lips and angel eyes
His name's prince charming and he was my hope
Over better love that what I've known
He'd come take my hand and save me
Kiss me and call me baby
That's all I really need
Rescue me from the fire
I'd look into his eyes
And they'd be all I see
Despite the tickin' of the clock
Time won't stop

I'd say
Don't wake me up if this is a dream
'Cause things aren't always what they seem
So don't ruin this for me
If you're a fairytale I still believe
Just be quiet and soak it all up
I pray to god I don't mess up
This is a fairytale I can't believe
You're my prince charmin'

It's safe to say I'm still convinced
That this prince really does exist
I'm counting down the days til I fall
So in love that I just cry
See him in a ground
He'd stop and turn around
Crookedly smile at me
We'd meet on a busy street
He'd sweep me off my feet
How it's supposed to be
Despite the voices high and low
We'd be alone

I'd say
Don't wake me up if this is a dream
'Cause things aren't always what they seem
So don't ruin this for me
If you're a fairytale I still believe
Just be quiet and soak it all up

I pray to god I don't mess up
This is a fairytale I can't believe
You're my prince charming

One day I was all alone
Walkin' down the street
Then I heard a voice
Calling out for me
I jumped
My heart thumped
My head suffering if
Somethin' made me turn around
I saw you
Then I knew
You were here and I
I said don't

Wake me up if this is a dream
'Cause things aren't always what they seem
So don't ruin this for me
If you're a fairytale I still believe
You took my hand kiss me oh your
Angel eyes turned down so low
This is not a dream
It's reality

Said where have you been baby
I said I've just been here waiting
For this fairytale
You're my prince charmin'
You're my prince charmin'
You're my prince charmin'
