You are a tool  
I only wanted it on you  
I'm better off  
Yeah that was just my excuse  
I don't really care about you I just care about your face  
It's pretty funny how you're gonna try to act like it's the  
other way  
Around

Now that I'm done with your crap  
She can have you back  
I couldn't tell you if I ever even cared  
'Cause you weren't right for me  
We were meant to be I was fooling around that your  
heart wasn't there  
But you had no fuckin' clue  
What I was talkin' about when I said full sentences to  
you  
You're such a tool

You thought that you  
You thought you screwed me over  
But you don't play mind games  
There's someone who can play them better  
I guess I lied a couple of times 'cause I wasn't really  
attached  
I would never do such a thing to you 'cause you know  
you hate that  
So much

Now that I'm done with your crap  
She can have you back  
I couldn't tell you if I ever even cared  
'Cause you weren't right for me  
We were meant to be I was fooling you with that your  
heart wasn't there  
But you had no fuckin' clue  
What I was talkin' about when I said full sentences to  
you  
You're such a tool

I'll be sayin' everything is yeah, okay

Whatever?  
Occasionally you're sure with me  
God things just weren't enough  
Well there was no attraction  
I'll give you that

Now that I'm done with your crap  
So she got you back  
But I couldn't tell you if I ever even cared  
'Cause you weren't right for me  
We were meant to be I was fooling you with that your  
heart wasn't there  
But you had no fuckin' clue  
What I was talkin' about when I said full sentences to  
you  
You're such a tool  
You're such a tool  
Yeah
