(Ahh's)

turn this page
and make
it all go away

can't take back
the past
make it go away

chorus:
set me free
from this cage you call my life
help me see
lift the darkness from my eyes
stalking me
the past it seems will never die
give me back life

(give it back, give it back, give it back)
(ahh's)

scream within
a cry
that cannot be heard

hate to wake
each day
will it ever end

chorus:
set me free
from this cage you call my life
help me see
lift the darkness from my eyes

stalking me
the past it seems will never die
give me back life

set me free
memories tear thru my mind

help me see
the soul that i have left behind
stalking me
my wounds will bleed forever
give me back life

(ahh's)

chilling embrace is what life has offered me
bitter hatred
is the only thing that 's left in me

cold and shallow is the grave i've dug so deep
pull me from this pit
before i sink

chorus

set me free
set me free
set me free
set me free
