

Allyptic "Refuge"

Visit "[Refuge](#)" on MotoLyrics.com

You felt my hurt
spoke to my soul
took all my pain
gave me lost hope

confused and alone
no more to give
when all was lost
you helped me live

take me away
save me again

chorus:
you tried so hard
you tried to take away
all of my pain
but it's not enough
i'm in despair
i won't let go
a refuge i seek
you're all i know
take me away
save me again

chorus

ahh's

take me away
save me again

take me away
save me again

chorus

you tried so hard
but it's not enough
