This thing I got
Is a calling
Of sorts
So be careful
How you
Approach it
It's not like
High school
When we would
Get drunk
While mom
And dad
Didn't notice
It's more
Like when things
Were easy
And there
Wasn't nothin'
In the way
Of our intentions

Just follow me
There'll be
Somethin' for us
So it's when
And where
That's
The question
We traveled far
To get closer
To home
In all honesty
I never mentioned
There was a time
When I couldn't
Get it done
But I never ran
From second handed
Chances

I feel like
I'm in a movie

And someone
Just told me
The camera is on
Give me just
One more take
And I swear
It's the last time
I'll get it wrong

Cause on take two
I was holdin'
My breath
And I couldn't
Show you
My passion
They say
The third time's
A charm
So good luck
Cause
I'm comin' home
And this time
Will be different
And this time
Will be different

This thing I got
Is a calling
Of sorts
So be careful
How you
Approach it
It's not like
