Facing the limits of the world  
Facing the limits of the world  
The brave don't believe in miracles,  
They believe in love

Don't wanna stay all alone,  
Don't wanna miss, miss a thing,  
I wanna follow your love  
Don't wanna lose what we have,  
Don't wanna dream what could have been  
Please let me follow your love

Facing the limits of the world  
Facing the limits of the world

One man says to one woman,  
He says good bye

Facing the limits of the world  
Facing the limits of the world  
The brave don't believe in miracles,  
They believe in love

Don't wanna stay all alone,  
Don't wanna miss, miss a thing,  
I wanna follow your love  
Don't wanna lose what we have,  
Don't wanna dream what could have been  
Please let me follow your love
