When the time changes everything
He's tired in this crying game
When the magic land is blazing
Hero face to blame

When the light changes to dark
When the sun embraces to the night

Lonely king
Try to love
Lonely king
But standing still
Standing still!

When the loneliness hurt his heart
He's only feel the pain
When the darkness fade his soul
Hero face to game

When the light changes to dark
When the sun embraces to the night

Lonely king
Try to love
Lonely king
But standing still

Standing still!
