Song: Thunderclap Newman

Call out the instigators
Because theres something in the air
Weve got to get together sooner or later
Because the revolutions here, and you know its right
And you know that its right

We have got to get it together We have got to get it together now

Lock up the streets and houses
Because theres something in the air
Weve got to get together sooner or later
Because the revolutions here, and you know its right
And you know that its right

We have got to get it together We have got to get it together now

Hand out the arms and ammo
Were going to blast our way through here
Weve got to get together sooner or later
Because the revolutions here, and you know its right
And you know that its right

We have got to get it together We have got to get it together
