Little people running up and down the walls.  
I can see all the pretty plans in their eyes.  
Little people reaching up from the floor.  
I can see them trying to pick their best disguise.  
Little people grabbing hold of my arms.  
I can see that there's a crowd in my way.  
Little people screaming piercing little words happily.  
Trying to have their little way.

I don't want ever to let their filthy hands take me over.  
I don't want to let their little dirty hands in my mind.  
They can't get to me; they can't get to me,  
They can't get to me; I'm not on their side.

Little people trying to cover up my eyes.  
So I can't see what they want to do to my face.  
Little people singing simple little so I will sleep.  
Trying to get me out of their way.

I don't want ever to let their filthy hands take me over.  
I don't want to let their little dirty hands in my mind.

They can't get to me; they can't get to me,  
They can't get to me; they can't get to me.  
They can't get to me; they can't get to me.  
They can't get to me; they can't get to me.  
They can't get to me; they can't get to me.

I don't want ever to let their filthy hands take me over.  
I don't want to let their little dirty hands in my mind.  
They can't get to me; they can't get to me,  
They can't get to me; I'm not on their side.
