It's gonna take once around the sun,
Before we're alright, before we're alright.
It's gonna take once around the sun,
Before we're alright, before we're alright.

Where would I be if you're gone and all that I'm left with
is me.
Would you still love what you see, if I'm half of what I
use to be.

It's gonna take once around the sun,
Before we're alright, before we're alright.
It's gonna take once around the sun
Before we're alright, before we're alright.

My promises fall like leaves from the sky.
And I'm all I have to give you.
I sink in your eyes and there's no disguise.
The ripples won't let me hide.

It's gonna take once around the sun,
Before we're alright, before we're alright.
It's gonna take once around the sun
Before we're alright, before we're alright.

And I thought I heard God tell me a lie.
He said it would be just fine.
But time. She understands better than I, how we'll
survive.

(How we'll survive)
HeyÂ...
How we'll survive
HeyÂ...

HeyÂ... HeyÂ... HeyÂ... HeyÂ...

Just one more time, just one more kiss,
Just one more look upon your wilderness, your
wilderness.
Just one more time, just one more kiss,
Just one more look upon your wilderness, your

wilderness.
