There's no need for me
Who asked for this?
The death, the tears, your holy kiss

Now, you made it clear
You're fine without me
It's alright I know you love me

You like the finer things
You want your shimmer wings
I know you love me
I know you love me

Dancing with the silver stars
Finding out just what we are

Stuck in this machine
Stranded, broken dreams
An angel, a devil, an angel, a devil

You like the finer things
You want your shimmer wings
I know you love me
I know you love me

Dancing with the silver stars
Finding out just what we are
Dancing with the silver stars
Finding out just what we are

I know you love me
I know you love me

Dancing with the silver stars
Finding out just what we are
Dancing with the silver stars
Finding out just what we are
