* Japan, Japan, Japan,
Oh-oh Japan, Japan, Japan

* Repeat (x2)

Looking a groove to see the world like a Tokyo City
What is the colour of your moon of great Japan
I'm under the sun so we can dance in to your beating
Land of magic mystic world
I love the Geisha,
I wanna kick the feel inside me
I'm in you ride because
I need you my Japan
Under the sun I want to live in you forever
Cause it's broken on my heart

** You are the key of heaven forever
Me and you always spending the right

* Repeat (x2)

I know you guys know
The colour of the sunshine Oriental sea,
If I have a fantasy
Japan
You are in my dream so I can get enough of you
My heart will stay for you, Japan

** Repeat

* Repeat (x5)
