Don't cry my friend  
I take you away, don't care  
Comes the time, it will be right  
What do you feel  
You are just feeling strong

\* Boy, you'll never let you down (You are my stranger)  
Anyway come to stay so long (You are my stranger)  
And it will be OK - Revolution

\*\* Take your time - Revolution  
For a while the life I need it  
Tell me why - Revolution  
I'll be by your side (I need you)  
Just forever with you

Don't cry my friend  
Listen to me, don't care  
You can find somebody else  
My truth is real, my power is so hard

\*

\*\* Repeat x2
