You are my design
We can not be the same
Spinning every time
So we just dance again.

You asked me how I know
That I have to go
Got a place to be
And someone there to meet me.

When we feel the time is right
We'll travel through the night
Keep me close to you

Got stars we must get up to.

Destiny reviews
You dream of this
I dream it too
It takes a craft of endless view
I left the darkness for you.

You are my design
We can not be the same
Spinning every time
So we just dance again.
