Wake me up
Turn me down
You make me feel a clown

Turn me on
Keep me cool
You treat me like a fool

Looking back won't, looking back won't do me good
Looking back won't, looking back won't do me good

Turn me on
Keep me cool
You treat me like a fool

Kick my ass
Slow me down
You turn me round and round

Looking back won't, looking back won't do me good
Looking back won't, looking back won't do me good

Wake me up
Keep me cool
You treat me like a fool

Kick my ass
Slow me down
You turn me round and round

Looking back won't, looking back won't do me good
Looking back won't, looking back won't do me good
