Stranger

In this band as she can run and around  
Searching the way out  
And the shadows, obsession with fear  
Give it all just a bad dream

I know when the boy comes to win  
You really got nothing to show  
I know when the boy comes to lose  
Just let this sign choose come or go

In the morning you might wake up  
Feelin' a whole lot better  
Now you met him  
How does it feel  
Does it feel like a new day

I know when the boy comes to lose  
Just let this sign choose come or go  
I know when the boy comes to win  
You really got nothing to show

Stranger  
You'll need a matchbook in the dark if you wanna light  
Stranger  
Come on out and show us who you are

In the morning you wake up  
Feelin' a whole lot better  
Now you met him  
How does it feel  
Does it feel like a new day

I know when the boy comes to win  
You really got nothing to show  
I know when the boy comes to lose  
Just let this sign choose come or go

Stranger  
You'll need a matchbook in the dark if you wanna light

Stranger  
Come on out and show us who you are

You Might As Well Fall

You might as well fall  
You might as well break and sweep up the remains  
And start it all again
