deep in your eyes i can see your dreams passing
like shadows white and pale
so hard to get a hold on
but your dreams are made of sand
theyÂ´re melting in your hands
keep on trying and hold on tight
donÂ´t let them fade away, donÂ´t let them fade away

youÂ´re burning my heart, youÂ´re burning my soul
youÂ´re the reason of my pain
babe you got me in control
youÂ´re like the thunder and youÂ´re like the rain
your love keep drinving me insane

desire burns so strong, it tears me apart
my soul is like an ocean, my feelings getting lost
endless ways, endless dreams
it seems to be so invisible
iÂ´m poisoned by your love, blinded by the light

youÂ´re burning my heart, youÂ´re burning my soul
youÂ´re the reason of my pain
babe you got me in control
youÂ´re like the thunder and youÂ´re like the rain
your love keep drinving me insane
