You know I've always tried
To keep all of your dreams satisfied
But still there's one thing I deny
To give my heart for you and die

And though you give me a reason to live
There's so much more to give
It hurts so much this kind of human touch
That touch too much

You're drinkin' my blood
And you're eatin' my soul
You're not healin' my wounds
I can't believe that this is your goal

Because I die in your arms
But your eyes still look the same to me
Blinded by your charms
'Cause you're my beloved enemy
Yes, I die in your arms

The words you said, the things you did
Are drivin' me insane
I just can't take my hands from you
The pain remains the same

It seems to be my worse mistake
To love you more than I could take
Oh, tell me will I ever learn
A touch that never stops to burn

You're drinkin' my blood
And you're eatin' my soul
And you're not healin' my wounds
And I can't believe that this is your goal

Because I die in your arms
But your eyes still look the same to me
Blinded by your charms
'Cause you're my beloved enemy

Yes, I die in your arms

But your eyes still look the same to me
Blinded by your charms
'Cause you're my beloved enemy
Yes, I die in your arms

Die in your arms

Because I die in your arms
But your eyes still look the same to me
Blinded by your charms
'Cause you're my beloved enemy

Yes, I die in your arms
But your eyes still look the same to me
Blinded by your charms
'Cause you're my beloved enemy

Because I die in your arms
But your eyes still look the same to me
Blinded by your charms
'Cause you're my beloved enemy
Yes, I die in your arms
