I thought love could be a healer  
But love just gave me pain  
Time just made me wonder  
And my pain remains the same

Now that I feel all broken inside  
And I can't believe I'm closing my eyes  
Tell me where the truth can be found  
And heaven must be somewhere around

But I'll carry on  
I will keep fighting for  
Until the day my restless heart tells me why

Torn - burning like fire  
Torn - under the privilege moon  
Torn - deepest desire  
Torn - under the moon is rising

I just can't seem to freer  
In your eyes  
I see the sorrow  
One day we'll make it  
Not now I just can't take it

Now that you feel all broken inside  
I can't believe that you are closing your eyes

But I'll carry on  
I will keep fighting for  
Until the day my restless heart starts to cry

Torn - burning like fire  
Torn - under the privilege moon  
Torn - deepest desire  
Torn - under the moon is rising  
Torn - you keep me burning  
Torn - under the privilege moon  
Torn - deepest desire  
Torn - under the moon is rising

Why don't you take me in your arms?

You besief all do know home  
Spread your wings of destiny  
Now and forever  
Take my freedom  
Into your hands
