I know a place not far away  
Letters are written but the words don't make sense  
I've got the strength and I've got the power  
I'm still alive I'm gonna wait for the hour

When my chance has come  
I won't let it just pass by  
Reach out, I will be there

Rain and shine  
Dark and light

Keeping all my dreams in sight  
For good and bad  
Happy or sad  
Never struggle to get the fortune  
Keep on searching'  
Never fail you will survive  
And in the end you'll reach the goal  
Your time will come

Impressions trade against reflections  
You never lose your direction  
Fantasy is like path  
In your thoughts

Where you're not supposed to step  
Don't you move aside  
It's hard to keep and hard to handle  
Try to keep and look straight

Rain and shine  
Dark and light

Keeping all my dreams in sight  
For good and bad  
Happy or sad  
Never struggle to get the fortune  
Keep on searching'  
Never fail you will survive  
And in the end you'll reach the goal

Your time will come
