So many things I wanted to do  
So many times I wished I said  
The words you want to hear  
But they never appeared in my mind

All my life I've been dragged  
Between the feelings I never felt  
I know that this is wrong  
I can't take this anymore

I feel - that my last time is here  
I paint the wall with my brain

My feelings for you is strong  
But the words is so far away  
The tombs in my mind is filled  
With emotions I buried deep

I cry alone and in pain

I give my last thoughts to you  
I hope you'll not miss me  
When I'm dead and gone

I let you see - the truth of who I am  
A fake - a joke of mankind

My journey has begun  
A trip from mother earth  
Hope the angels will receive me  
Or I fall down to hell

A rope round my neck  
A chair under my feet  
I take the last step  
To reach eternity

All my life I've been dragged  
Between the feelings I never felt
