Before the dawn, i awake
Morning came to paradise
There beside me, in peacefull sleep
A princess hiding for the night

You know they say
That nothing last forever
And memories will fade away

Together, in perfect harmony
Forever, escaping destiny
Gathering thoughts
In the haven of the lost
The wilderness around us solves

The taste of freedom, all around
I hear the water hit the shore
The concreed jungle, so far away
A peacefull soldier will return

You know they say
Some things can last forever
And memories will fade away

Together, in perfect harmony
Forever, escaping destiny
An angel, in perfect harmony
With an stranger, escaping destiny
Gathering thoughts
In the haven of the lost
The wilderness around us solves

I crossed the sky
Like an eagle I spread my wings
Now my heart is finally free, so free

[solo]

Together, in perfect harmony
Forever, escaping destiny
An angel, in perfect harmony

With an stranger, escaping destiny
Gathering thoughts
In the haven of the lost
The wilderness around us solves
