The day I was born  
No troubles at all  
Living on this world  
Never thought to fall  
Human life problems  
I saw around me  
Then my life changed  
And I had to see  
My eyes sunken in  
Pollution of the brain  
The day I will die  
There'll be nothing to remain

Psycho damnation - You see the people thinking  
Now's the time - To see me here screaming  
They think I'm mad - Want to see me bleed  
Until the time - My psycho problem dies

Brain pollution  
Exploded visions  
No relation  
Intimidation

Other direction - You see the people thinking  
Now's the time - To see me here screaming  
They think I'm mad - Want to see me bleed  
Until the time - My psycho problem dies

The day I was born no problems at all

Living on this world never thought to fall  
Human life problems I saw around me  
Then my life changed and I had to see  
My eyes sunken in pollution of the brain  
The day I will die there'll be nothing to remain

Psycho damn  
Psycho damn, damnation  
Psycho damn, damnation

Psycho damnation - You see the people thinking  
Now's the time - To see me here screaming

They think I'm mad - Want to see me bleed  
Until the time - My psycho problem dies

Psycho damnation - You see the people thinking  
Now's the time - To see me here screaming  
They think I'm mad - Want to see me bleed  
Until the time - My psycho problem dies

Brain pollution  
Exploded visions  
No relation  
Intimidation
