First of all
Let me introduce myself:
I'm Katrina K
I braved the rain and the thunder to be here
And I hope it never ends

Getting Attitude is the first step
Take off your clothes is the second one
No limits and no fear
I said
Ma che cazzo volete

Take a few relaxing breath
Empty your mind
Let go of ego
Let go of tension

Build fire in the sex
Circulate the energy
No limits and no fear
I said
Ma che cazzo volete

Hahahahahaha...
Tsc tsc tsc tsc...
No no no, bambino
If you do not practice, you will never learn
I'm gonna say just one more time

Getting Attitude is the first step
Take off your clothes is the second one
No limits and no fear
I said
Ma che cazzo volete
